NOTES

*"No Claims, representations or warranties, whether express or implied, are made by Smal aire Pty Ltd as to the safety reliability, durability and performance of any of our companies' products. Furthermore,*

*Smal aire Pty Ltd accepts no liability whatsoever for the safety, reliability, durability and performance of any of our companies' products nor the effect of the misuse or misrepresentation of our companies' products".*

*"Warnings & Installation Labels are provided to assist in the installation process. For Hydraulic Blower installations, consult your Hydraulic Technician for hose sizes and oil supply capacities.*

*"Smal aire Pty Ltd accepts no liability in the circumstance that products have been incorrectly fitted".*

*Customers Please Note: Prices may vary, please confirm with Smal aire prior to ordering.*

Smal aire the family-owned and operated business began in 1974 and it's current direction was in response to the long hot Wimmera summers.

As Gary says ... "I didn't like the heat and I thought I'd build a couple of coolers for myself. That worked pretty well. A few friends then bought them and it snowballed after that."

The business is built around the needs of each individual client. What began as a local business now caters for Australia wide and overseas including Russia, the United States, Canada, New Zealand, South Africa and more.

# QUALITY POLICY

Smallaire Pty Ltd was founded on and is still based on innovation and quality, whether designing new innovations in air seeding components, fans, blowers and air conditioning systems, or providing custom manufactured airflow products for our global customer base, we strive to impart our philosophy of providing the best value and quality in all areas of our business.

At Smallaire quality stands for innovative and reliable products that precisely meet the customer's requirements and will continue to perform consistently for years to come.

We are aware that our customer needs are paramount. Consequently, we will - in all parts of the organisation - strive to achieve continual improvement in all that we do.

As such, it is Smallaire's goal that our customers will recognise us as the supplier who, at all times, best meets their needs and consistently provides high quality and leading edge products and services.

Quality improvements are the responsibility of all our employees. The planning and implementation of improvements to our products and processes is the responsibility of all Smallaire management and staff.

To aid with this we are committed to providing our employees with the right tools and support required to achieve the outcomes expected.

To assist in achieving our quality vision we establish and regularly review measurable objectives, and operate in accordance with a documented quality management system conforming to the requirements of ISO9001.
