

# EVAPORATIVE & REVERSE CYCLE

Smallaire Newsletter

January 2016

## Evaporative & Reverse Cycle Air-Conditioning

We offer you the choice of locally manufactured evaporative air-conditioning or the very renown brand of elite Reverse Cycle air-conditioning, the choice is a personal preference and also depends on your needs.

### Why go for the Evaporative option?

- Inexpensive to run \* Using little power, environmentally friendly
- Fresh clean filtered air \* Simple to maintain
- Locally Manufactured \* Strong, durable construction from marine grade aluminium
- Price tag \* Already have existing heating

### Why go for the Reverse Cycle option?

- Numerous options: Wall, Ducted, Cassette
- Cooling & heating within the one system
- Option for Wi-Fi control or remote control
- Zone areas to keep power consumption down
- Not affected by outside temperatures/humidity
- Convenience– heat at the push of a button
- No mess

### Do you need Finance?

No problems, Smallaire are proud to be in partnership with GEM Visa, we can offer you same day approval interest free up to 36 months.

## 5 Minutes is all it takes!

Initial Enquiry to obtain an approximate idea of which size & how many outlets you require including install price will only take 5 minutes of your time.

### Typical Quotation process free of charge

After initial enquiry we then meet with you at your home to ensure we have taken everything into consideration and showing you where outlets and controls would be installed and also gives you the opportunity to ask further questions.

Our consultant also will have a quick look in your ceiling and measure up of rooms.

We then will either email, fax, post or call you with the detailed quotation for your approval, once approved and a date that suits you has been established the system to be installed in one day, ready to go!

We also have approved agents in most areas, contact us for your nearest Smalldaire Agent.

Sales Consultant, Craig Irvin with our Showroom display model

DIAMOND DEALER

### Mitsubishi

### Electric says...

“The new R32 refrigerant technology has completely revolutionized our air conditioning offering, improving the impact on the environment, energy efficiency, and cost effectiveness of our devices,” says Atesh Mani, national Product Manager for Mitsubishi Electric Australia.

“Our MSZ-GL Series is designed to make it incredibly easy for homeowners to ‘set and forget’ with intuitive settings and a quiet, expansive airflow”.

Other features include a weekly timer, Wi-Fi control, a “Blue Fin Condenser”, wide and long airflow, a demand-response-enabled interface (DRED), and a quiet-mode fan speed setting.

Mitsubishi Electric MSZ-GL Series Split System

# MSZ-GL Series

The standard model MSZ-GL units provide excellent energy-savings and operation is impressively quiet. A vast series line-up is ready to ensure comfortable room environments in response to your air conditioning needs.

## Programmable Controller

Making the most out of your air conditioner all starts with the controls, this allows you to create the comfort levels to match your demands.

### Weekly Remote Controller

With an easy-to-read display and a variety of operating modes at the touch of a button. This controller features a weekly and 24 hour timer, to set operating times on a daily basis. The 'i-Save' mode recalls the preset temperature. This remote is included with all MSZ-GL units.

### Control Your Comfort

Anywhere, Anytime

# Wi-Fi CONTROL

## Why chose Smal aire for Mitsubishi Electric?

We have been the Exclusive Mitsubishi Diamond Dealer for this area for over 10 Years, this will give you the confidence that we have great support, knowledge and expertise with the products, warranty and advice.
