

# MINI JUMBO

## Introducing Our New Mini Jumbo

The Mini Jumbo is a powerful, Australian-made evaporative cooling system, offering 12,350 CFM airflow to cool areas up to 200m<sup>2</sup>.

With a durable marine-grade cabinet, flexible wall-mounted or portable options, and economical operation, it's ideal for commercial spaces needing reliable, efficient, and quiet cooling solutions.

### Benefits of the Smalldaire Mini Jumbo

- \* **Efficient Cooling**
- \* **Cost-Effective**
- \* **Mobility**
- \* **Increased Productivity**
- \* **Flexible Installation**
- \* **Australian Made Quality**
- \* **Low Maintenance**
- \* **Quiet Operation**
- \* **Versatile Usage**
- \* **Durable construction**
- \* **Low Maintenance**
- \* **Wall-mounted or Portable**

### Why We Provide a Mid-Sized Evaporative Air Conditioner

*Our team developed the Mini Jumbo in response to growing demand for a mid-sized evaporative air conditioning solution for industrial and commercial environments. We saw a need for a unit that could bridge the gap between compact coolers and larger systems, offering powerful performance, ease of use, and efficiency. The Mini Jumbo is our answer—engineered for reliability, maneuverability, and quiet operation, making it ideal for cooling packing sheds, warehouses, and more. It delivers the perfect balance of cooling capacity and portability, while keeping energy consumption low. We're proud to offer a solution that meets the specific needs of Australian businesses.*

Portable Mini Jumbo

## Specifications

- 12,350 CFM commercial evaporative cooling system
- Cools approximately 200m<sup>2</sup>
- 12-month warranty
- Heavy-duty marine-grade aluminium  
Wall-mounted or portable options
- Easy installation and low-maintenance servicing
- 75mm thick filter material
- Dimensions: Height 1667mm, Width 1565mm, Depth 910mm
- Free air discharge: 12,350 CFM / 5830 l/s
- Fan opening size: 1005mm x 1005mm
- Total weight: 170kg
- Optional Colorbond finishes available
- 50-litre pump
- Quiet operation at 64 decibels
- Industrial lockable swivel casters for maneuverability
- 0.55kw motor
- Simple plug-and-play operation with on/off switch

## Mini Jumbo Benefits

- **Efficient Cooling:** Delivers powerful air movement with 12,350 CFM capacity, cooling spaces up to 200m<sup>2</sup> quickly.
- **Cost-effective:** Operates with a low energy consumption (.55kw motor), providing economical cooling for large areas.
- **Flexible Installation:** Can be wall-mounted or used as a portable unit, adapting to different space requirements.
- **Quiet Operation:** Runs at just 64 decibels, ensuring a quiet and comfortable environment without disrupting workflow.
- **Low Maintenance:** Easy installation and servicing, reducing downtime and maintenance costs.
- **Durable Construction:** Marine-grade cabinet and robust design ensure longevity and reliability, even in harsh conditions.
- **Mobility:** Equipped with industrial lockable swivel casters, making it easy to move and position for spot cooling as needed.
- **Australian-Made Quality:** Proudly manufactured in Australia with high-quality materials and standards, supporting local industries.

**Versatile Usage:** Ideal for spot cooling in a wide range of commercial environments such as packing sheds and warehouses.

## Research & Development

Since Gary Small built the first evaporative air conditioner in 1974, research and development have been the driving force behind all of our products. Customer needs fuel this R&D—questions like, “Can you do this?” inspire us to find innovative ways to meet their requirements. These challenges push us to continuously improve and refine our designs, leading to more efficient and effective solutions. At Smal Aire, our commitment to innovation allows us to claim R&D Tax Incentives from the Australian Government, funding our projects to deliver the quality products our customers rely on. We also protect our intellectual property by securing patents both in Australia and overseas.

## Other products we manufacture

Products we design and manufacture

Tarpfast, Air Seeder Components, High Pressure blowers, Evaporative Airconditioning for Domestic, Industrial Evaporative Airconditioning and Portable units, Extraction systems, Stirring Fans, Roof & Wall Fans, Custom designed fans to suit almost any application and also SteelArt.

## Global exportation of our products

# Wimmera's Regional Manufacturer

We at Smalldaire know how important our local economy is.

For 50 years we have been manufacturing our products with peace of mind knowing that we are employing local people, supporting other local businesses and most importantly supplying a quality product to our customers that we can guarantee 100%.

Our ability to help you with real advice makes us excited to make your life a breeze...
